

The Specialist Services team provide a broad range of services to support people who live with a disability and children and young people in our care.

Our Specialist team has extensive expertise in:

- = clinical assessments
- = autism and other disabilities
- = positive behaviour support
- = developmental trauma
- = forensic disability
- = chronic health and health related services
- = mental health, wellness and wellbeing
- = therapeutic interventions specific to individual need
- = vicarious trauma

We align our services to the National Disability Insurance Scheme to provide supports in specialist interventions (improved daily living skills and improved relationships). These interventions can include the following:

- = anger management and self-regulation skills;
- = problem solving skills
- = independent living skills

What our customers can expect?

We're committed to our customers. As part of our service delivery, our customers can expect reliable, responsive, flexible, friendly, empathetic and caring service.
