## PROFILE OF DEVELOPMENTAL MILESTONES

Education and Care Services National Regulations 73 – 76 require that Educators:

- Deliver an educational program to children,
- Document Programs and (for children pre-school age and under) assessments of children's learning and progress, and (for school-age children) evaluations of children's wellbeing, development and learning
- keep and display the program at a place accessible to parents,
- give parents information about the program and their child's participation and progress on request

To support Educators in their programming responsibilities, the [Developmental Milestones EYLF and NQS.pdf \(acecqa.gov.au\)](https://www.acecqa.gov.au/developmental-milestones-eylf-and-nqs) is a valuable resource. It also can serve as a living document of assessing and recording a child's learning and progress.

We encourage educators to use this reference as a source of information rather than as a prescriptive checklist.

The Developmental Milestones are not intended as the *only* record of a child's learning and development – they will supplement other forms of documentation.

A sound understanding of developmental milestones will support you to effectively assess children's play and learning. Intentional teaching, planning and evaluation should be based on sound professional knowledge. (adapted from Developmental milestones -ACECQA)

**Educators complete this twice-annually and attach with the child's Developmental Milestones.**

Child's name:	Year: 20____
Date of birth:	Educator:

### SUMMARY OF LEARNING

#### January to June Outline of Learning

#### July to December Outline of Learning
