Policy Funding from Council

Introduction

Purpose

The purpose of this policy is to outline Council's role in supporting the community through funding.

Funding from Council helps the community to conduct activities, build capacity, host events and build strong partnerships with Council. Scope

Council's funding program provides support to community organisations in recognition of their important contribution to Lake Macquarie's community wellbeing.

This policy applies to all Council funding rounds (including grants), donations, financial subsidies and Council Emergency funding provided for community projects. This policy does not apply to sponsorships as defined in the Sponsorship from Council Policy.

Policy statement

This policy forms the framework for an accessible, equitable, and open process for providing funding assistance to external entities and groups.

There are four specific funding programs, each with its own set of eligibility, approval and reporting requirements:

1. Grant Funding Rounds (local and community events)
2. Donations
3. Financial Subsidies
4. Council Emergency funding.

Principles

Council understands and values the importance of community, and follows the following principles in providing assistance to the Lake Macquarie community:

- a) Transparent, equitable, open and effective processes, and decision making in the public interest.
- b) Democratic representation, social inclusion and meaningful community engagement.
- c) Good governance of, and by, Council.
- d) Ethical and legal behaviour of Councillors and Council employees.
- e) Maximising benefits for the community.

Objectives

Council's objective is to provide funding assistance in a consistent, equitable and transparent manner.

The funding and assistance Council provides supports Council's values and vision for Lake Macquarie and includes, but is not limited to, arts and culture, events, community development and capacity building, environment and sustainability, and sport and recreation.

Policy Funding from Council

Exclusions

Under this policy, Council does not provide funding for:

- a) projects, activities or events that do not meet the program assessment guidelines
- b) ongoing operating expenses, such as rent, salaries, printing, etc
- c) individuals or organisations raising funds on behalf of others. Council will however, consider applications received from local groups, organisations, or individuals who seek a donation for direct costs associated with an activity that aims to raise money for others, provided it is otherwise consistent with this policy
- d) commercial groups or organisations
- e) professional sporting teams and individuals
- f) recurring functions or events of a primarily social nature organised by not-for-profit groups and organisations
- g) government organisations and government-funded organisations (however organisations who receive funding through the National Disability Insurance Scheme – NDIS are eligible)
- h) educational organisations or associated groups (Parent and Citizens Associations)
- i) individuals (except for Financial Subsidy applicants and Creative Seed funding)
- j) activities which are not consistent with Council's management objectives.

Auspicing grants and devolved funding

There are a number of grants and funding programs where Council has been provided funding to administer and disperse with pre-established conditions and criteria. These grant and funding programs are usually Federal or State funded, and have set timeframes and guidelines. Council is either the auspicing body or providing smaller devolved funding grants on behalf of another organisation. Examples include Youth Week funding, Lead Mitigation Grants and the Local Heritage Places Fund.

These programs are administered by Council staff within the principles and processes as outlined in this policy and associated internal procedure, however may include activities that are listed as being excluded from funding provided from Council.

Funding application process

The process for assessing and implementing grants and subsidies is outlined within the Funding from Council Internal Procedure.

Requests for assistance outside the Funding Program

Nothing in this policy prohibits Council from considering funding assistance or in-kind support outside the scope of this policy. Council will consider each case on its merits and any assistance provided will not be considered a precedent for future requests.

Policy Funding from Council

Future funding priorities

Priorities for each program are contained in the guidelines published when the applications are made available to the community.

Future funding from Council will be based on:

- a) evaluation of previous years' program effectiveness
- b) Council's corporate objectives and strategies, and current service provision
- c) arising trends and issues in the community and not-for-profit sector
- d) gaps in existing service provision within the community
- e) the amount of funding available for disbursement.

Review and evaluation

The effectiveness of each program, including guidelines and criteria, is reviewed every two years.
